

**The largest account I've completed was 2021 for \$322,000 of unclaimed insurance on a Betty Durbin in Nowata, Oklahoma.**

**I posted it on my Facebook in the 2021 and a lady responded giving me the name and phone number of the Administrator of the estate in Tulsa.**

**I called the number given to me by the nurse who took care of Betty in her final days. He knew nothing about the unclaimed funds at the State Treasurers Office.**

**We talked a couple times by phone. He said there was a terrible divorce between the two ladies before their deaths with Betty Durbin's pickup and home in the country having to be sold to pay Betty's last expenses.**

**I never heard from the man in Tulsa again. He never even thanked me. I saw nearly a year latter someone had claimed the \$322,000 who is assume was the administrator.**

**But it's all okay. I never asked for anything, it was just a service I've been doing the paast 4 years, searching out people with unclaimed insurance and letting them know about unclaimed property. And life goes on....**

### **Funeral Services for Betty Durbin-**

The most amazing person, Betty Durbin, has left this earth on her journey to eternity. I don't know who she wanted to see most, her parents, or her fur babies. I cannot believe she is gone. I have never seen anyone fight cancer as she did. She insisted that she felt great, and always reported her pain level as none. Given 3 months to live in March 2014, she was still planning on alternative treatment in Mexico. She ALMOST made it; our flight was scheduled for today.

Betty was so smart, so giving, driven and determined.

I spent the last week watching her breathe, hoping that the next breath wouldn't be her last, yet praying it would.

I will miss her every minute of the rest of my life.

Have fun, Superstar! I'll see you soon.
